MOB LAW PREVAILED

Murderers Hanged in California and Kentucky.

AT YREKA AND SPRINGFIELD.

Four Men Summarily Dealt With at the Former Place, While One Meets a Similar Fate at the Latter—Names of the Victims and the Crimes Charged Against Them.

YREKA, Cal., Aug. 27.—Four murderers were taken from the county jail by a mob of 250 men at 1 o'clock yesterday morning and lynched. A band of citizens fearing that the law would not be carried out and angered over the atrocity of recent crimes, determined to take matters into their own hands. The lynching was the ghastly climax to the reign of lawlessness which has prevailed in Siskiyou county for some months past.

One of the victims was Lawrence Johnson, who, on the evening of July 28, stabbed his wife to death in the town of Etna. Another was William Null, who shot Henry Hayter in the back with a rifle near Calahans on April 21. Louis Moreno and Garland Seemler, who are supposed to have killed George Sears and Casper Meirerhans at Bailey Hill on Aug. 5, were also hanged.

At 11 o'clock Sunday night farmers from all of the surrounding country began to drive into town and by midnight the mob was ready to march to the county jail. Before taking a step, however, every precaution was taken to prevent the plans of the lynchers from being frustrated by the officers of the law. The sheriff and one of his deputies were decoyed to another part of town by two members of the mob who were engaged in a sham fight and the fire bell was muffled to prevent an alarm from being given in that way.

When the jail was reached a number of the men, all of whom were masked, awakened under-Sheriff Radford and demanded the keys from him. He positively refused to open the door or give the keys up, telling them that if they broke in the doors he would blow their brains out. Finding that Radford was determined not to give them the keys they went across to the jail and got on top of a stone wall which surrounds the jail.

Deputy Sheriff Henry Brahtiaq, who has been sleeping in the jail since the commitment of so many murderers, thinking someone was escaping from the jail, fired two shots out of the window to alarm City Marshal Parks and Deputy Sheriff Radford. He then opened the doors and was immediately held up by the mob, who took the keys from him and entered the jail. Having no keys to the different cells, they were compelled to burst the locks with a sledge hammer, which they proceeded to do at once.

Lawrence H. Johnson, who brutally stabbed his wife to death at Etna on Sunday evening, July 28, was the first to receive the attention of the mob. They broke the lock from the door of his cell, and placing a rope around his neck led him out of the jail and across the street to where the iron rail was laid between the forks of two locust trees. Johnson pleaded for mercy, but the silent gathering gave no heed to his appeal and he was quickly strung up, dying from strangulation in a few minutes.

The mob returned to the jail and then broke into the cell of William Null, who shot Henry Hayter at Calahans on April 21 in a dispute over a mining property. Null desired to make a statement, but time was too valuable to permit any such preliminaries, and he was soon hanging alongside of Johnson.

Louis Moreno, who was charged with having killed George Sears on the 5th of this month, was then taken from his cell, and was soon swinging with Johnson and Null.

The last and youngest of the four murderers to pay the penalty of his crime was Garland Seemler, aged about 19, who, in company with Moreno, was charged with having killed Casper Meirerhans at Bailey Hill on the 5th of this month. A rope was placed around Seemler's neck and he was led from the jail in his bare feet. Seemler begged for mercy, and his last words were: "Tell my dear old mother I am innocent of the crime."

About this time Sheriff Hobbs, having been notified, arrived on the scene, and starting for the jail door was commanded to halt, the command being emphasized by the display of several revolvers. He was told that the "job had been done." By this time the greater part of the mob had dispersed, leaving only about 30 or 40 men on guard, who soon left after the sheriff arrived.

The bodies were taken down by Coroners Shoefield and Marshal Parks, who removed them in a wagon to an enginehouse, where they were laid side by side. The coroner summoned a jury to hold an inquest.

Yreka is a little mining town, and years ago was frequently the scene of mob violence. The summary manner in which justice was meted out the four murderers yesterday morning reminded the pioneers of similar scenes during the gold excitement 40 years ago, when it was not an uncommon spectacle to awaken in the morning and see the body of notorious criminal dangling from a tree.

LYNCHING IN KENTUCKY.

Harrison Lewis Taken From His Cell by a Mob and Hanged.

SPRINGFIELD, Ky., Aug. 27.—A mob composed of about one dozen men, all negroes, took Harrison Lewis, colored,

from the jail here early yesterday morning and hanged him to a tree in the courthouse yard.

About 11 o'clock they attacked the jail and demanded the keys of Jailer Smith, who, having been warned of their approach, escaped out the back door with the keys.

The mob, nothing daunted, repaired to a neighboring blacksmith shop procured a sledge hammer and other tools, and began battering down the doors.

It took them three hours' hard work to reach their victim, but their determination never wavered in the least, and promptly at 2 o'clock in the morning he was hanged.

No resistance was offered the mob, and quite a number of people were on the streets while they were at work, but were afraid to interfere.

The crime for which Lewis was lynched was a most cowardly murder. Last Friday he went to the house of Joe Brooks, also colored, looking for another negro who had, it was alleged, been too intimate with his (Lewis) paramour. Brooks told him that his man was not there, whereupon Lewis fired upon Brooks with a shotgun loaded with buckshot, killing him instantly.

Brooks was a highly respected negro, and stood well in the community.

The coroner's inquest failed to identify any of the mob. No effort will be made to find them out.

KNIGHTS TEMPLAR.

Boston Entertaining Her Visitors in Royal Fashion.

BOSTON, Aug. 27.—Boston has surrendered to an invading army, and is now in the hands of 25,000 Sir Knights Templar. These, with the ladies accompanying them, and the immense throng of visitors attracted to the Hub by the conclave and low railroad rates, have swelled the city's population to an enormous extent. For the past 24 hours commanderies have been arriving from north, south, east and west by hundreds and fifties. They have come in coach, parlor cars, sleeper and special, until there is assembled here an army the like of which in splendor and good fellowship has never been seen before in Boston.

The entire city has donned a holiday dress, and on every hand flags, banners, gaily colored streamers and flashing lights greet the eye. Immense numbers of incandescent lights have been arranged to represent every known Masonic emblem. The Masonic Temple decorations are, of course, the most elaborate, the principal feature being a huge outline cross of colored lights covering almost the entire front of the building. The Albion building is not far behind, and all along Newport Row, the occupants have extended a welcome to the Sir Knights in a blaze of light.

HORRIBLE DEATH.

A Woman Suicides by Setting Herself on Fire.

VALPARAISO, Ind., Aug. 27.—News has just been received here detailing the horrible death of Miss Mary Leahy, 25, at Elsden. She secured some salaratus, which she rubbed over her body, and then set herself on fire. She was discovered by her mother, who was frightened by the flames. The victim lived two hours, suffering untold agony.

A strange fatality exists in this family, as this makes the eighth member who has met a violent death. The act is attributed to the death of her brother, who was shot and killed a few days ago.

Minister Denby Not Yet Heard From.

WASHINGTON, Aug. 27.—Minister Denby has not yet advised the state department concerning the present situation in China. Acting Secretary Adeo said that the minister was not the kind of a man to report what he intended to do, or to report progress at certain stages of business he had in hand, but would be more likely to report an accomplished fact. He had no doubt that the minister was doing all that it was possible to do.

Shipping Fruit.

ENGLISH, Ind., Aug. 27.—The export of dried fruit from Crawford county this year surpasses by 100 per cent any exportation ever known to this county. The average per diem shipment during the past week from three stores here aggregate 19,246 pounds. This is but a fair sample of the fruit trade in the county. Immense preparations are being made for the export of apples.

A Brother's Good Act.

ENGLISH, Ind., Aug. 27.—The county commissioners have entered suit against the bondsmen of ex-Trustee Willoughby I. Spencer to recover \$2,376. The burden will fall upon three men, the others taking advantage of the limitation act. Spencer's brother Charles has given up all of his property to relieve his brother's bondsmen, although he himself was not on his bond.

Great Drouth Broken.

MARION, Ind., Aug. 27.—A steady downpouring rain set in early yesterday morning, and it is still falling. It will be of incalculable benefit to crops. The rain will also wash out the oil which has accumulated in the small streams and ditches in the northwest part of the county, which has been a constant source of anxiety to farmers for fear of fire.

Italian Murdered in Peru.

LIMA, Peru, Aug. 27.—A year ago the Cascerist police murdered Louis Guifra and have gone without trial since. The Italian minister demanded an inquiry into the case, Guifra being an Italian citizen, but delays and evasive answers have been given him. Now the headless body of the victim has been found. The newspapers here say that the honor of Peru demands a conviction of those guilty of the murder.

MORE SKIRMISHING.

Several Small Battles Occur in Cuba.

NO SERIOUS LOSS HAS RESULTED.

Insurgents Defeated According to the Havana News Which Passed the Censorship—A Private Letter Gives an Account of a Recent Battle—No More Troops to Be Sent From Spain for the Present.

HAVANA, Aug. 27.—A column of 300 Spanish troops, commanded by Lieutenant Colonel Ternuel, it is announced, recently attacked the insurgents, Stellon and Angel, who have a following of about 150 men, near Doloretas, in the Remedios district in the province of Santa Clara. The so-called "American company" of the column charged with the bayonet and captured the insurgent positions. The insurgents lost three killed and the troops captured 12 saddled horses and one prisoner, the father of Angel.

Six railroad bridges in the Tanas district of Santi Espiritu, province of Santa Clara, have been restored.

During the attack on the fort at Nigueria, the insurgent Lieutenant Magin Perez was killed. The troops lost two men killed and three wounded. According to the details received from official sources regarding the fight at Nigueria, the insurgent leader was wounded in both arms. It is also stated that the insurgent leader, Alonzo Rivero, with 700 men, has arrived in the neighborhood of Nigueria.

A column, commanded by Lieutenant Colonel Valle, numbering about 180 men, has had a skirmish with the insurgent band, commanded by Nunez, and numbering, according to official advices, 370 men. The insurgents are said to have been compelled to abandon the positions which they occupied on Mount Caussito, leaving seven wounded on the field. The official reports say that only two soldiers were wounded during the engagement.

Information received here by the government is to the effect that Roloff has been reinforced by 2,000 insurgents in the province of Puerto Principe, and with these and the forces of Sanchez he is said to be moving upon Santa Clara.

The father of Seraphin Sanchez died recently at Santi Espiritu.

Colonel Copello has arrived from Santiago de Cuba and has appointed chiefs for the battalion of public order and police of Havana.

Uppmann, the banker, has advanced the government the sum of \$500,000.

Colonel Oliver, with 150 infantry and 12 cavalry, sustained the fire of the insurgent bands of Fernandez Perico, Diaz and Carrillo, Jr., to the number of 800 in Sitio Bonita, district of Remedios, according to the official reports forwarded to Havana. Of the troops two were wounded and the insurgents left two dead and retired with their wounded, the number of which was not learned.

A RECENT BATTLE.

Private Letter Furnishes the Details of a Fight on August 11.

NEW YORK, Aug. 27.—Secretary Quesada of the Cuban revolutionary committee has received a letter from Camaguan, Cuba, containing information of a battle which has just been fought between a body of Spanish troops and a small force under General Gomez.

The letter which was dated Aug. 11 was from Salvador Cisneros, Marquis of Santa Lucia, and gave a graphic account of the engagement, which was sharp and decisive. The Spaniards numbered 1,500 and were commanded by General Mella. They were acting as convoy for a large wagon train loaded with provisions and munitions of war on its way to the Spanish camp in the interior. The attacking party numbered 900, 500 of whom were cavalry.

The wagons were plodding along when the Cuban cavalry suddenly dashed down on them from the rear. The tree hindmost wagons were cut off and captured with the six mules attached to them. The drivers of the other wagons whipped up their mules and found safety behind the line of Spanish infantry, which was hastily formed to protect them. A sharp fire was kept up between the two forces, the Spaniards falling back slowly until they reached the brow of a small hill, where a stand was taken.

Recognizing the advantageous position of the enemy Gomez withdrew. The Spaniards had 170 men killed in the fight, while the Cuban loss was only three. One of the captured wagons was found to be loaded with army rifles.

The letter said that the train of wagons was so harassed by the Cuban troops that it required seven days to make a journey commonly done in two.

Americans Imprisoned in Cuba.

WASHINGTON, Aug. 27.—The state department has received no advices concerning the Key West dispatch that Sangui and Aguerre, American citizens confined at Mora Castle, had been released. It was stated that about eight or 10 persons, American citizens, or claiming to be such, were under arrest in Cuba, and that Sangui and Aguerre were the most important of the number. These men at first were to have been tried by the military courts, but through the intervention of the United States they were allowed a trial in the civil courts, and an opportunity to prove their innocence.

Will Not Send the Troops.

CADIZ, Aug. 27.—The Diario De Avisos of Coruna states that the government will relinquish its intention of

sending 25,000 additional reinforcements to the island of Cuba and adds that Captain General De Campos has declared that he will resign if the government insists upon appointing a lieutenant general for the island of Cuba.

Revolutionary Government.

LONDON, Aug. 27.—The Havana correspondent of The Times telegraphs that Antonio Maceo and other insurgent chiefs in Puerto Principe are trying to organize a revolutionary government. The Spanish authorities contemplate an issue of inconvertible paper money to provide funds for military purposes.

BOXING BOUTS.

Events at the Empire Athletic Club's Opening.

MASPETH, L. I., Aug. 27.—Since the scientific boxing contests were stopped at Coney Island the men who were interested in the Seaside Athletic club have erected here a commodious club house with an arena capable of seating 6,000 people. The club is known as the Empire Athletic club, and last night was its opening.

Two bouts were on the program, a 10-round go between Frank Erne of Buffalo and Jack Skelly of Brooklyn, at 126 pounds, and a contest of 20 rounds at the lightweight limit of 133 pounds, between George Lavigne of Saginaw and "Jimmy" Handler, better known as Bob Fitzimmons' pug.

Three thousand sports were around the ring, the largest out-of-town delegations from Newark and Buffalo. They saw Erne knock Skelly out in the seventh round of the first fight, and Lavigne beat Handler in the Fifth.

Skelly forced the fighting up to the fourth, when he knocked Erne down twice, and thereafter it was give and take up to the seventh round, when Erne knocked his man out after two minutes and 47 seconds' fighting in the jaw.

In the second fight Lavigne punched Handler right and left in the face and fought him almost to a standstill. In the fifth round Lavigne sent his left one, two on the face, following with a right hand smash, knocking Handler down. The Newark man got up in six seconds only to be sent down and out with another right hand smash on the jaw.

NEWS FROM JACKSON'S HOLE.

General Coppering and Party Reach Omaha After a Month's Absence.

OMAHA, Aug. 27.—General Coppering, Major Humphrey and Lieutenant Hutcheson arrived yesterday evening after a month's stay in the Jackson's Hole country. They were four days in making the trip from Fort Washakie, where they arrived on the 19th. Colonel Randall and two troops of the Ninth cavalry returned with General Coppering from Wyoming, and are now at Fort Robinson. Major Chaffee was left in command of the troops still on the field.

General Coppering was reticent in discussing the situation at Jackson's Hole, saying only that when the troops arrived the settlers were very much frightened, were congregated at two points and were sending out scouting parties. The conflict, he said, is between the state laws of Wyoming and the treaty with the United States.

The general saw that work on the military road to the hole country was being rushed before he left that section, as he anticipates further use for it.

WINDOWGLASS COMBINE.

Two Agencies Will Handle the Entire Output of Four States.

CLEVELAND, Aug. 27.—Windowglass manufacturers from Ohio, Pennsylvania, Indiana and Illinois met here yesterday and organized a combination, the purpose of which is to advance prices to meet the increase in the price of raw materials and the prospective advance in wages. It was decided to establish two agencies for the sale of the products of the factories. One will be located in Indiana and the other in Pittsburgh, and all sales will be made through these agencies, the prices to be regulated by districts.

It was decided not to resume operations at the factories until Sept. 27. In the meantime the wage question, over which there has been a spirited controversy, will be referred to a committee to report at the next meeting, which will be held soon. The election of officers will occur at that meeting.

NEW TELEPHONE COMPANY.

It Will Compete With the Bell Backed by a Million Dollars Capital.

CLEVELAND, Aug. 27.—Colonel William P. Fogg of New York is in the city as the representative of a wealthy New York syndicate of organizing a new telephone company to compete with the Bell company. The new organization will be known as the Subscribers Automatic Telephone Company of Cleveland and will be capitalized at \$1,000,000 to be divided into shares of \$50. Many local capitalists will also be interested in the company.

The New York capitalists are those interested in the Mutual Automatic company recently organized. It is proposed

SINCE the late Democratic convention in Ohio, no one has ventured to insinuate that Senator Brice is not a resident of that State.

AT Lakewood, N. Y., one day last week Governor McKinley was one of thirteen guests who sat down at the table of honor at dinner, and some people are now willing to wager he will never be President.

SOME Democrats are inclined to censure the State Central Committee for calling last Saturday's conference at Louisville. These critics don't seem to be aware of the condition of affairs politically in that city.

FIFTY million silver dollars are now stored in the vaults of the United States mints at Philadelphia. The Times says: "The people do not want them. They are willing to take the paper certificates issued to represent them, because they are interchangeable with greenbacks and greenbacks are redeemable in gold; but the silver dollars themselves the Government has to keep, issuing in their stead what is practically a gold currency of twice their value." And in the face of all this, the free coinage lunatics insist on our mints being opened to the world.

MILLIONAIRE GRIEDECK, of St. Louis, ought to change his name to Greedy-eck. He reached New York a few days ago after a trip abroad, and customs officials on searching his baggage discovered one gent's gold watch, four ladies' hunting case watches, five gold chains, two diamond rings, one pair diamond cuff buttons, nine linen table cloths, seven dozen napkins, three bolts of silk, fifty-one yards, six pairs of kid gloves, four pairs of silk gloves, seventeen pocketknives, one bronze candlestick, nine cigar cutters, one silver swivel and other valuables that he was trying to sneak in without paying the duty. The stuff was valued at about \$2,000 and the duty amounted to \$400. The penalty for Mr. Greedy-eck's offense is a fine of \$4,000 or imprisonment for a term of years, or both. A millionaire who would be guilty of trying to beat Uncle Sam out of \$400 ought to be given the full penalty.

SENATOR BLACKBURN spoke at Flemingsburg yesterday to one of the largest crowds ever assembled there. Not more than half those present could get into Lyceum Hall.

MR. GEORGE HOUBLER, one of Vancburg's oldest and most valued citizens, died a few days ago. He was the father of Mr. Thomas Hoobler, the contractor, and was born in 1810.

An Object to the Outer World.

[Philadelphia Record.]

The twenty-ninth annual encampment of the Grand Army of the Republic, which will be held in Louisville next month in response to an invitation given to the veterans a year ago in Pittsburg, will afford as fine a demonstration of Southern cordiality and hospitality as the country has yet seen; and not least among its beneficent effects will be a closer fraternization of the people of the different sections of the country and a conclusive exemplification to the outer world of the truth of the statement that we are, indeed, a united people.

THE CASE of the Commonwealth against George Washburne charged with shooting Hiram T. Warder a few weeks ago near Orangeburg came up before Judge Hutchins yesterday. The defendant waived examination and gave bail in the sum of \$200 to answer at the next term of the Circuit Court. Mr. Warder has about recovered from his wounds and was able to be at the trial.

THE PREDICTIONS of the tariff reformers that the removal of the duty on wool would not only add to the value of fleeces but increase the trade of the manufacturers by broadening the lines of business, are amply justified by recent events. Wages in the woolen and worsted industry of Rhode Island were increased 7½ to 12 per cent. this month, the second advance in that State within three months, and these advances were voluntary. Equal improvement in wages was experienced by all other New England woolen, worsted and cotton operatives, notably those at Lawrence, Lowell, Nashua and Manchester, along the Merrimac. These signs indicate anything but ruin to the wool-growers and manufacturers.

THE TEACHERS.

What Was Done the First Day of the County Institute.

The Attendance Larger Than For Years—The Schools Greatly Improved.

The Mason County Teachers' Institute was called to order Monday morning at the High School by Superintendent Blatterman. After an opening hymn and reading of the Scriptures the institute was led in prayer by Rev. W. O. Cochrane.

Mr. Clarence Martin was chosen Secretary, and Mr. G. H. Turnipseed assistant, after which Superintendent Blatterman read the school law in regard to compulsory attendance of the teachers at the institutes.

It is a great pity that all the schools can not get the good from the institute.

The tone of the institute indicates that the condition of our schools is much improved, and better schools and better teaching is at hand, but it would be unjust to say anything but that the institute is a great success.

Our instructor was on time early and outlined the week's work and the organization was then complete.

The question was asked, "What are we here for?" First, to cultivate a professional spirit; second, for the purpose of exchanging ideas; third, social relation of the teachers; fourth, to do your duty.

There being no further business after the enrollment of the teachers, the institute adjourned to meet in the afternoon at 1:30.

AFTERNOON SESSION.

The institute was called to order by Superintendent Blatterman. Singing led by Mr. J. W. Asbury; organist, Miss Essie Hutchins. After the roll-call the regular work was taken up. Instructor R. M. Shipp requested that every teacher in the institute keep a note book and pencil and whenever a new thought was suggested to make a note of it for future reference in school work.

The first subject on the program, "The Greatest Common Divisor," was discussed by W. T. Berry. He teaches definitions, rules and principles. Mr. Berry was followed by several other members.

The subject "Arithmetic" was ably continued by Instructor Shipp. Some excellent instruction was furnished the teachers in methods for conducting recitations in many of the topics of this branch. The carrying of 10, the development of common fractions, process of grouping numbers, elementary combinations, group small numbers 1 to 10 and from 10 to 20 by addition, subtraction, multiplication and division.

Purposes of the study of arithmetic: First, mental discipline; second, as a training in exactness; third, elements of a good solution, correctness, neatness and rapidity.

Purposes of mental arithmetic: To cultivate reason, memory, system, language and as the best preparation to higher mathematics and one of the means in concentrating the mind.

The institute then adjourned to meet this morning.

UNCLE SAM AFTER HER.

Henrietta McDaniel Who Killed Cross Charged With Drawing Her Mother's Pension.

Mention was made a few days ago that Henrietta McDaniel had been held in the sum of \$100 to answer the charge of obtaining goods under false pretenses. In default of the required bail she was committed to jail.

From recent developments she will have to answer another charge, somewhat similar to the one now entered up against her. Her mother drew a pension as the widow of a veteran, but has been dead three or four years. Since her death, Henrietta has continued to draw the pension in her mother's name. Constable Dawson informed the Pension Agent at Louisville, and an official was here yesterday securing proof upon which to have her arrested for this offense.

The McDaniel woman shot and killed E. J. Cross, a circus man, in 1889, and was sent to the penitentiary for two years. On account of poor health she was paroled and pardoned.

Reduced rates from all points on the L. and N. between Covington, Maysville, Winchester, Lexington and Cynthiana have been secured. The rate is one and one-third fare for the round trip, and trains run on a schedule that allows visitors to return home the same day.

MAYSVILLE WON.

The Gallipolis Team Defeated Yesterday—Score 4 to 3—No Games Here This Week.

The Maysvilles won the opening game at Gallipolis, yesterday. Bruner, an ex-Maysvillian, was in the box for Gallipolis. He has developed into quite a twirler of late, and downed the Huntington team last week. But that was more than he could do with the Maysvilles, although he succeeded in keeping the score very close.

Wellner and McGann were in the points for Maysville, and as usual put up a fine game.

The score stood: Maysville 4, Gallipolis 3.

The Maysvilles play only two more games at Gallipolis,—to-day and to-morrow,—and will return home Thursday morning.

Zimmer, who had his collar-bone broken in the second game here with the Huntingtons, caught for Gallipolis yesterday.

There will be no games here this week. The Maysvilles will probably go to Washington C. H., O., for games on Friday and Saturday.

CAPTAIN GEO. W. JUHLING, of the towboat Geo. W. Moredock, got into a dispute with Captain J. Hamilton at the Fifth ward landing yesterday over a coal barge. The former had an axe, and the latter a gun, and bloodshed was narrowly averted. Later in the day, Captain Juhling was arrested and was fined \$10 and costs in the Police Court for a breach of the peace.

At a picnic near Vanceburg, Mrs. John McKinney didn't like the way her husband was carrying on with Miss Birdie Smith. Approaching the dancing platform she leveled a pistol at Birdie, but Birdie didn't scare worth a cent. She drew a dirk, and then a free-for-all fight followed. Birdie stabbed Harry Cole near the heart, and another man had three ribs broken.

THE electric railroad between Duluth and Superior has pretty much done away with the trains on the two steam roads that used to run at frequent intervals. Although there is a steam ferry transfer from Rice's Point to Conner's Point, and 40 minutes are consumed going from the business center of one city to the business center of the other, whereas the shortest steam line took only 15 minutes from station to station, the public prefers the electric route.

A SAN Bernardino, Cal., paper of recent date says: "Miss Mary, the happy little twelve-year-old daughter of Mr. and Mrs. R. J. Jones, died on the mountains this morning of a disease akin to diphtheria that baffled the physicians. Her remains will be brought to this city this evening and probably be taken to Cincinnati, the home of the family, for final interment." Deceased was a niece of Mrs. Geo. T. Hunter, of this city, and visited here a year or so ago. The sad news of her death was learned with sincere regret by the friends of the family.

CINCINNATI TOBACCO MARKET.

The Shippers Not Offering Freely, and the Stocks Are Accumulating.

Says the Cincinnati Leaf Tobacco Warehouse Company:

The only new feature in the tobacco trade at present is that the shippers are not offering as freely as they generally do at this season of the year, and the stocks are accumulating in the market, but the offerings are about equal to the demand and prices hold about the same. The manufacturers claim dull trade and do not wish to purchase any faster than their trade demands, and, therefore, we cannot expect any advance in prices before there is a revival in the manufactured goods. The great competition between the manufacturers and the low prices for plug thrown upon the market is a serious detriment to the trade, as the jobbers will not stock up as largely as they would could they purchase, fearing secure that a steady market would continue in manufactured goods. The proposed combination of some of our largest manufacturers in the manufacture of cigarettes to compete against the American Tobacco Company will probably make some changes in the tobacco trade, but whether it will benefit the white burley leaf trade, or be a detriment, is a question to be answered in the future.

The demand for color continues, and all grades of this character are doing well, and sellers are well pleased, but where there is the usual tinge of green they are neglected and prices are some easier. There has been very little good tobacco offered the past week, as the holders feel sure of a stronger demand for the best grades in the near future. Low grades, or nondescripts, continue about the same and have varied very little in the past month.

Reports from the country are not as encouraging as we would like to have them. In many sections there will not be half a crop, while others are more favorable, and unless there are rains in the river counties very shortly it will surely be a sad crop, while in the Bluegrass districts they have been favored with more seasonable weather and some very fine crops will be cut, but from present reports we think the crop will be no better than the one being sold.

LOUISVILLE TOBACCO MARKET.

The following is furnished by Glover & Durrett, of the Louisville Tobacco Warehouse.

Sales on our market for the week just closed amounted to 3654 hds., with receipts for the same period 2656 hds. Sales on our market since January 1st amount to 131,261 hds. Sales of the crop of 1894 on our market to this date amount to 131,016 hds.

Color burleys from the commonest trash to the finest leaf, continue scarce and bring outside prices. Medium red leaf from \$7 to \$10 is more neglected and sells lower in proportion than any other burley. The common grades in fair condition, have been much higher during the week until Friday when they were irregular and some easier. Very common trash off color and out of condition is low.

The following quotations fairly represent our market for burley tobacco, (1894) crop:

BROWN CHEMICAL CO., BALTIMORE, MD.

P.C.N.CERS POISONED.

Three Hundred People Prostrated After Partaking of a Dinner.

LAPORTE, Ind., Aug. 27.—Three hundred out of 1,000 people were poisoned at a German Lutheran mission festival, or picnic, in a grove at Tracy, this county, Sunday. A dinner was served in the open air and immediately following the meal scores of persons became deathly ill, suffering the most terrible torture and crying aloud in their agony.

Medical aid was quickly summoned, and the grove, where an hour previous the large assemblage had knelt in prayer, was converted into a hospital, rudely constructed beds being provided for the sufferers, while messengers were dispatched to neighboring points for physicians. Men, women and children succumbed to the strange affliction, and many heartrending scenes were witnessed. Women clasped their weeping children to their breasts, praying for something to alleviate their sufferings.

Physicians were able to afford relief, but the cause of the sickness, which came as a pall over the day's events, is not known. It is thought that some miscreant poisoned the potatoes or drinking water, but the motive for such a crime is not known. An investigation will be made. A number of persons are still critically ill, and it is likely that some will not recover.

SIX FIREMEN OVERCOME.

A Explosion Causes a Dangerous Fire at Des Moines.

DES MOINES, Aug. 27.—Six firemen were overcome by heat, smoke and gases while fighting flames in the basement of Hansen's drugstore yesterday evening. They were rescued with great difficulty. They were: Charles Briar, Harvey Brown, E. Capron, William Griffin, Patrick Morgan and Joseph Roddy. It took two hours to resuscitate Morgan and Capron. All the men were unconscious when taken out.

The origin of the fire is thought to have been an explosion. The flames communicated to a stock of chemicals, developing poisonous gases. The loss from the fire was not very large.

Caught at Last.

HUNTINGTON, W. Va., Aug. 27.—John Dane the noted forger and the party who so effectually worked so many citizens in this section of the state two years ago in the green goods business, was Monday sentenced to five years in the penitentiary from Lincoln county. He was arrested only a short time since in the mountains near St. Albans, having evaded the authorities for many months.

Lived Nearly a Hundred Years.

TWINSBURG, O., Aug. 27.—Rev. Samuel Bissell died at 3 o'clock yesterday, aged 98 years. He was the oldest living graduate of Yale college and for years had an academy at Twinsburg.
